## WHARF AND WAVE.

DIAMOND HEAD, Nov. 13, 10 P.M. -Weather, clear; wind, light east. The schooner Maid of Orleans left San Francisco for Kahului on the 4th inst.

The Mariposa left Auckland on the 3rd inst. She will be due here on Thursday.

The bark R. P. Rithet, now on her way here, has a large number of passengers on board. The bark Charles B. Kenny has

been chartered to load coal at Nanaimo for Honolulu. The bark Highland Light sailed from Nanaimo on October 27th with

a cargo of coal for this port. The Oceanic left Hongkong on the 31st ult. The vessel is on her way

to San Francisco via Honolulu. The bark Mohican, from New York for Honolulu, was spoken on September 14th, in lat. 21 N., long.

The barkentine Amelia sailed from Port Gamble on the 2nd inst., for Honolulu, with 700,000 feet of

lumber. The German bark Paul Isenberg, from Bremen for Honolulu, was spoken on September 24 in lat. 26 S,

long. 46 W. The barks C. D. Bryant and R. P. Rithet, left San Francisco for Honolula on October 28th and November

1st respectively. The Kinau arrived early yesterday morning from Hilo and way ports. After discharging her freight she was docked at the railway. She will

leave port again on Friday. Tidings of the missing ship Ivanhoe recently reached San Francisco. She was caught in a gale off Cape Flattery on September 28th and went down with all hands on

board. YOKOHAMA, Nov. 5.—The British steamer Gaelic from San Francisco, which was seized by the Japanese authorities on the ground that she was carrying contraband of war, was allowed to sail, as it was found upon investigation the suspicion was

unfounded. The steamer Daisy Kimball, form-

erly employed in the California coast trade, left San Francisco on the 5th inst., for Honolulu via Hilo. She is the same size as the steamer Hawaii and will be used in the sugar trade. The Daisy Kimball is the

boat purchased by the Matsons. The P. M. S. S. China arrived yesterday morning, from San Francisco and left at four o'clock for the Orient. She took away 124 Chinese and about 77 Japanese from this port. Captain Seabury is again Commander of the big steamship. A change has also been made in the pursership; C. M. Wilbur is now filling that position.

The Union Line steamer Wairabound from Sydney for Auckland, New Zealand, was wrecked on Great Barrier Island, off the northeast coast of New Zealand on the 31st ult. The captain, twenty of the crew and fifty-eight passengers were drowned. The Wairarapa was ing three decks, and was rated at Lloyds as 100 A1 special survey.

#### On a Big Crusier.

The extent and power of machinery construction are perhaps nowhere more wonderfully exhibited than in the working equipment of the latest Government cruiser. There are sixty-one separate engines, run up to 120 for main, auxiliary, and pumping purposes. The lowpressure piston is 92 inches in diameter, has an area of 46 square feet, and an initial load of 100 tons. The condenser tubes, if placed end to end, would form a tube 33 miles long, and the cooling water passed through these tubes equals 36,000,-000 gallons per day, or enough to supply a large city with water. The main boilers, if placed end to end, would form a tunnel 156 feet long and large enough for a train of cars to pass through. The heating surface is equal to one and one-eighth acres.

### Japanese Warship Sunk

TACOMA, Wash., Oct. 30.—The Northern Pacific Steamship Company officials received word that the steamer Zambesi, formerly a Northern Pacific steamer, ran into the Japanese warship Tsubukan, in Kobe harbor, last month and sunk her. The man of war only had time to run into shallow water before she went down. The Zambesi was recently purchased by some wealthy Japanese, and was being operated by them.
